

DRAINING SCREENS

VIBRATION WASHING AND DRAINING
SOLUTION

For all types of industries

FOOD

ORES

RECYCLING

GLASS

MINERALS

BULK

SINEX

— VIBRATING PROCESS —

THE DRAINING SCREENS

SUITABLE FOR ALL INDUSTRIES

- Simultaneous action of vibration and water.
- Solid / liquid separation
- Custom design.

FEATURES DIMENSIONAL:

WIDTH

500 mm to 1500 mm

LENGTH

1500 mm to 5500 mm

FLOW RATE

until
300
t/h

DRAINAGE SURFACES

8
m²

Construction

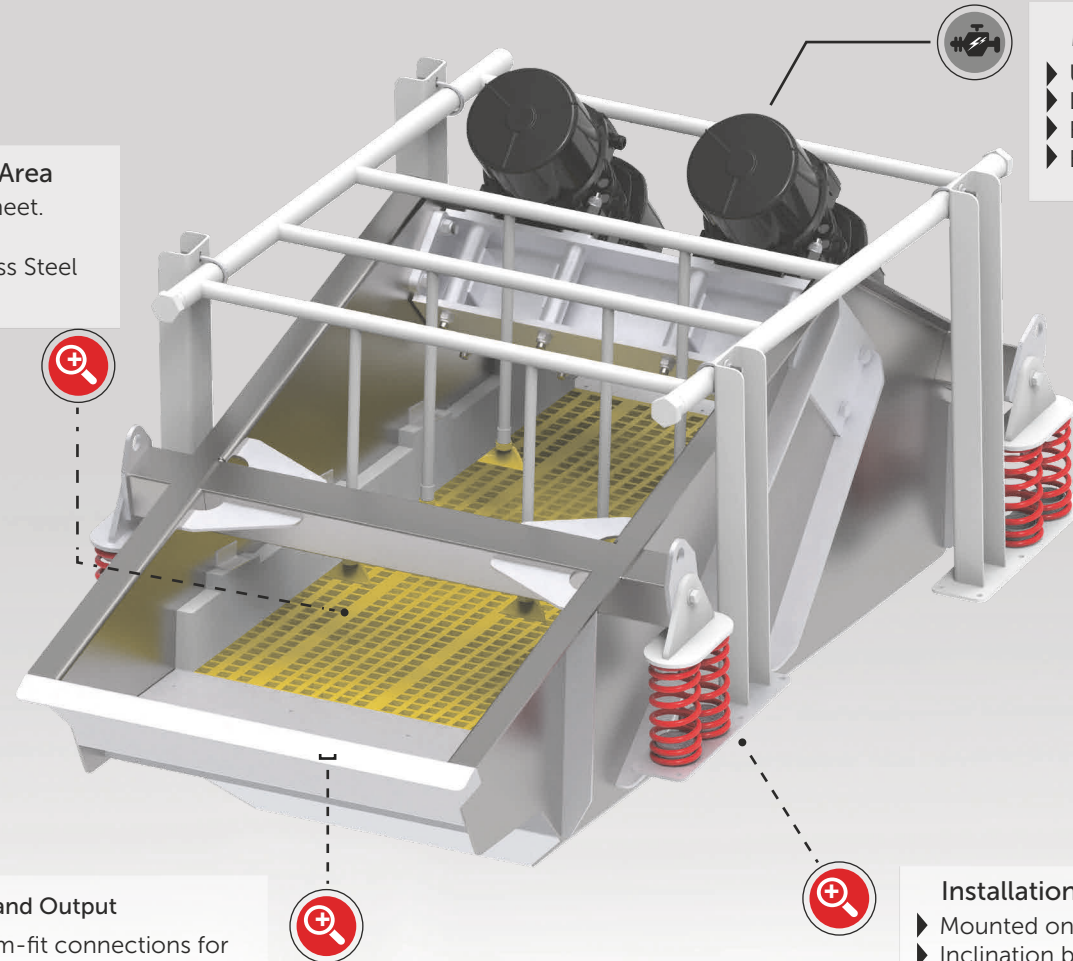

- Steel or Stainless Steel.
- Finish: paint/galvanization.

Motorization

- Unbalanced motors.
- Low maintenance.
- Frequency inverter (optional)
- Brake relay (optional)

Drainage Area

- Perforated sheet.
- Slotted grid
- PU or Stainless Steel mesh.

Input and Output

- Custom-fit connections for your needs.
- Tailor-made positioning.

Installation

- Mounted on springs or rubber pads.
- Inclination based on application.
